MUCH MORE THAN T-SHIRTS

We have always sought ways to create **universal garments for everyone, every body shape and every need**. And that is why we consider that we are **more than just T-shirts**.

Since we started, we have worked on creating **garments** that dress **people and tell a story**. A story of **quality, versatility and sustainability**.

But we also know our story is incomplete without a chapter on **ecological responsibility**. We are firmly committed to the planet we share and to future generations. Every garment we produce is a promise of **sustainability**.

Our manufacturing processes are carefully designed to **minimise environmental impact**, and we continually look for alternatives in our materials and fabrics to **constantly improve and optimise**.

More than just T-shirts, our garments are testimonials to the quality of **sustainable, reusable and recyclable garments**. Every thread and stitch is woven to preserve the world we share. When you choose **JHK**, you choose more than just T-shirts: you **choose a commitment to the planet and quality**.

We hope that with the improvements we have made to our products in recent years we can contribute to **preserving the world we live in**.

! Each WASH polo is "unique". Polo of the same color can have different shades as they are tinted with natural pigments and that is what makes them unique. For this reason, we recommend washing the garment separately, since each wash may lose color and acquire that aged tone.
